BACK OF THE BONDING APPROVAL (ORIGINAL AND COPY)

Notes to individual boxes in the approval:

1. All data must be completed. The identification number must contain a letter for marking the type of warehouse from Article 185 of this Ordinance and a number for marking the individual warehouse.
2. Date of submitting the application is necessary, and reference to the individual application.
3. The supervisory authority in charge.
4. Complete address of the warehouse is required, that is, the exact location of the bonding device.
5. Precise description of the place where records are kept.
7. According to the adequate provisions of the Ordinance, one should quote procedures that shall be applied and deadlines for submitting additional, that is, recapitulating declaration, in case it is requested.
9. If the security is not needed, one should enter "w.s." (without security).
10. This box shall be completed only in case of private warehouses.
11. For every type of goods (and if that is necessary due to the nature of goods) one should quote the rate of usual losses that can not be compensated for, according to Article 599 of this Ordinance.
12. If necessary, goods shall be quoted (and customs status of goods), that shall be warehoused in the same premises, even that the bonding procedure hasn't been started.
13. and 14. Describe additional conditions in order to preliminary inform the supervisory customs authorities. As necessary, additional sheets can be used, representing enclosure to the approval.
15. As needed, reference to other individual approvals shall be quoted (or an enclosure containing the reference) with the other individual approvals for active improvement procedures, processing under customs supervision, or for pre-financing procedures for basic agricultural products in the bonding premises.
