NOTES TO INDIVIDUAL APPROVAL BOXES

1. A box shall be completed when the holder of approval and manufacturer are not the same person.
2. Permitted system shall be marked with (h).
3. The requested data are necessary for further checking of the procedure flow, with special glimpse on the degree of relation, quantity and value, in order to meet economic conditions. The quantity and value can be quoted for a certain period. Regarding the resulting products, one should discriminate between the main and accessory resulting products.
4. It shall be entered (h) into adequate box, adding the other necessary data.
5. One should enter the expected norm for resulting products, that is, show how the supervisory customs authority can determine that. In cases when the rate of resulting products can be seen from the bookkeeping (records), "records of active improvement" shall be entered.
6. This has to do with time from import of goods until closed sales of the resulting products.
7. Data shall be entered only if the previous export system is implemented.
8. Describe the system of customs supervision, for instance, state authorities' cooperation, use of informative forms, exchange of documents' copies, etc.
9. Describe the approved methods of transfer, referring to (as necessary) to relevant provisions of this Ordinance.
10. Quote all simplifications in line with the relevant Ordinance's provisions.
11. If the approval shall be issued for a period longer than two years, in the box 15 one should enter "unlimited duration". In this case in box 16 dates of re-check have to be determined.
12. Re-checking of economic conditions should be performed the latest two years after issuing this approval.
13. You can enter in this box those modalities which the previous boxes in the form do not cover (for instance, regarding placing in free trade on general basis in line with Article 251 paragraph 2 of this Ordinance, exchange of data, keeping of the documents, submitting the calculation, grouping or norms of resulting products, etc.).
