NOTES TO INDIVIDUAL APPROVAL BOXES

1. The box shall be completed when the approval holder and manufacturer are not the same person.
2. It shall be completed in such a way as to enable the customs authorities supervision over use of approval, with special glimpse on the norm for resulting products, quantity and value. The last two values can be quoted for the complete import period.
3. One should enter the expected norm, that is, quote the method according to which the supervisory authority shall determine it. In cases when the rate of yield is visible from book-keeping (records), it shall be entered "records of processing under customs supervision".
4. This is about time from import of goods to completed sales of processed products.
5. If the approval is issued for a period exceeding two years, in box 10 shall be entered "unlimited duration". In this case in the box 11 dates of recheck shall be determined.
6. Rechecking of economic conditions must be performed the latest within two years from issuing this approval.
