AD 1. Box 1(a) is not necessary to complete, if the application is submitted on the paper where the letterhead already contains all the necessary data. Box 1(b) should be completed when the applicant is not a beneficiary. Box 1(c) should be completed in cases when the temporary import can be approved only to a person with a seat or permanent residence outside the customs area.

AD 2. In the column (a) description must be detailed, to enable the customs authorities making decision about the application.

In the column (b) is enough to put 4-figure tariff number, if the 10-figure tariff mark is not necessary for proper implementation of the procedure.

In the column (c) quantity should be quoted in the measuring units (kilograms, liters, and meters).

Column (d) shall be completed in such a way as to quote the customs value, which can be calculated based on data from the enclosed documents.

AD 3. Article of the regulation forming the base for temporary import is quoted.

AD 4. All methods of using imported goods should be presented.

AD 5. Exact address of the place is entered, that is, of all places where the goods shall be used.

AD 6. Necessary time for planned use is entered.

AD 7. The most appropriate method for recognizing imported goods shall be entered.

AD 8. Customs authority in charge shall be entered in the column (a) for performing monitoring over the whole procedure, in column (b) for reception of declaration during intake of goods and in column (c) authority permitting customs approved handling or use at the end of procedure.

AD 9. In this box one should be quoted the period in which the import of goods is envisaged.

AD 10. As necessary, quote if it is possible to come to application of Articles 13 and 14 of the Rule Book on Form, Content, Method of Submitting and Completing Customs Declaration, unique customs document for temporary storage of goods and collective declaration.

AD 11. The applicant can within this point quote the other data that he considers relevant.
